Security Information

I propose that I hold a meeting, ten days or two weeks prior to the regular meeting of the Board, for the purpose of screening problems for the Board's attention, clearing the agenda prior to its issuance and providing a thorough briefing for the Board's members through representatives of their own choosing. This meeting would be attended by myself, ^{25X1A9A} Colonel Baird, ^{25X1A9A} and representatives of the Deputy Directors and of the two Assistant Directors who are members of the Board. In this manner, the time of Board members can be used to best advantage, discussion and argument can be kept to a minimum and decisions on policy matters arrived at expeditiously.
